PLANS COMPLETED FOR MUSICAL CLUBS' TRIP

List Of Men To Go Is Now Announced---Eight Cities Included

The plans for the Western trip of the musical clubs has been at last completed. Manager W. W. Warner has announced the following itinerary:

The clubs will leave Boston on the 28th of January and give a concert in Pittsfield on this day. On the 29th the clubs will be in Syracuse, N. Y., on the 31st, in Buffalo on February 1st, in Sandusky, O., on the 2d, in Detroit, Mich., on the 4th, in Rochester, N. Y., and on Saturday, Feb. 5, the trip will end in New York city.

The following men will go on the trip: With the Mandolin Club, first mandolins, J. E. Crowley 1911, B. Hill 1911, J. A. Applequest 1912, R. P. Williams 1912, J. W. Northnap 1910; second mandolin, S. H. Sceyley 1912, G. W. Denton, H. K. Franzheim 1913, F. A. Moore 1911, J. S. Selfridge 1912; guitar, S. R. Wallace 1913, M. R. Scharff 1909, D. L. Wyman 1912, H. H. Thompson 1913; 'cello, L. C. Shaw 1909; flute, H. H. Partridge 1912; mandola, W. W. Warner 1911; traps, J. S. Martin 1912.

With the Glee Club as first tenors: R. N. Doble 1911, A. O. Wilson 1911, J. E. Crowley 1911, P. L. Caldwell 1911, G. F. Maglast 1910; second tenors, L. G. Odell 1911, J. L. Champaque 1912, W. E. Henan, U. Thompson 1912, Samuel Knight 1913; first basses, H. H. Thompson 1913, R. O. Fernandez 1910, A. E. Howlett 1913, P. M. Hamilton 1913; second basses, L. G. Hart 1913, K. E. Robinson 1911, A. F. Leary 1911, P. W. Taylor 1910, G. P. Lunt 1910.

Those who will go with the Banjo Club are: H. Sharp 1909, S. R. Wallace 1913, H. Lockett 1910, S. B. Dyer 1910, R. B. Haynes 1913, R. S. Rankin 1913, D. M. Wyman 1912, U. Thompson 1912.

GYM TEAM PROGRESS

Boxing And Wrestling Will Be New Features This Year

Technology will be represented by a Gym team next term. Prior to the novice meet which was held on December 21, there was some doubt whether the Institute could produce a team this year which would fittingly represent it in contests with other colleges; but since then, Manager Jacoby has written to several teams in regard to arranging meets, and several of these have replied favorably. He expects to arrange a contest every week during February and March, starting on Saturday after mid-year when the team will face the Salem Y. M. C. A. After this, it will probably meet Amherst, Williams, and the College of the City of New York, although the dates have not as yet been decided.

An innovation this year will be the introduction of boxing and wrestling. H. D. Billings 1910, A. C. Herreschoff 1912, and R. Smythe-Martin 1913 will probably represent the Institute in these sports.

H. S. Gott 1910, W. D. Allen 1911, and B. Darrow 1913 have been doing good work on the horizontal bar, and C. F. Doble 1910, H. S. Gott and William Guild 1913 excel on the parallel bars. B. Darrow, W. D. Allen and H. S. Gott won the prizes on the flying rings in

STANTON H. KING TO SPEAK TO T. C. A.

Will Tell Of The Work Of The Sailor's Haven At Six To-morrow Night

Stanton H. King is coming to the Union on Wednesday evening as speaker at the fifth Christian Association dinner. It is the consistent purpose to secure men to speak at these weekly meetings, who can talk interestingly and authoritatively. The list following witnesses to the success of this purpose to date.

On December 1st Mac H. W. Stebbins, chaplain of Charlestown Prison, next A. R. Williams of Maverick Church; the following week J. Frank Chase of the Watch & Ward Society, and last week John Hopkins Denison of Central Church. And to-morrow night Mr. King is going to relate the story of the sailor, and the work which is being done by the Sailors' Home amongst the shipping and in the port.

At the age of fourteen Mr. King first took berth as a sailor before the mast. At the advice of friends, however, he left the sea to get an education, but not before he had served a full term in the United States Navy. He learned, before this term expired, the true life of the sailor, and at the end of his schooling, when he had graduated from Mt. Hermon School at Northfield, Mass., he accepted the position of assistant to the Superintendent of the Sailors' Haven, whom he has succeeded. That was fifteen years ago. He is still at it, and no man knows better than he the situation among sea-faring men.

The Wednesday evening dinners have superceded the meetings which used to be held on Sunday evening, and are filling the purpose of those meetings better than ever before. They get together weekly the men interested in Christian work, they are instructive, they are full of sociability, and are practical. A cordial invitation is always given to anyone who may wish to come. It is not a close corporation. The dinners are held every Wednesday at 6.00 P. M., except when announced otherwise, and always cost twenty cents.

TECHNOLOGY AND DARTMOUTH BASKET-BALL

Game Scheduled For Tuesday At Hanover---Teams Evenly Matched

Capt. Parker and his band of basketball warriors will invade Hanover today to try conclusions with the Dartmouth team. With the Tech men in the pink of condition, it should prove a warm contest. Although it will be the first game for the New Hampshire men they will doubtless present a strong team. With the exception of Lang, practically all of last year's squad has returned. Lang was elected captain at the close of last season, but did not have the necessary time for training this year; and so has been elected coach of the team. Under his coaching the Green and White are assured a successful season.

Tech is not so fortunate in having a team of veterans this year. Wentworth's ineligibility after having trained regularly with the team came as a surprise to the students and a shock to the team. However, the team is playing together remarkably well, as was shown by the fact that in the Lowell Textile game three men were tied for first honors in scoring baskets from the floor. Capt. Parker, Hargraves and Johnson each scoring five times, and Bennis and Darling scoring three each. The passing of the home team at times completely bewildered the visitors, and the Dartmouth team will certainly have difficulty in breaking it up.

The line-up for Tech will probably be: Hargraves and Johnson, forwards; Parker, center; Bennis and Crocker, backs; with Ells and Darling as substitutes.

1911 CLASS PICTURE

Sharp at one P. M. today the junior class will gather on Rogers Steps to have their pictures taken for Technique 1911. Most of the 1911 men will be together, as a "Pol. Econ." lecture is held in Huntington Hall between 12 and 1 o'clock. All 1911 men that are not at the lecture are requested by the editors of Technique to be at Rogers Building at 1 P. M. sharp.

INDOOR TRACK MEET COMES TOMORROW

Large Number Of Freshmen Entered---Will Show Up Strong

The annual Inter-Class Indoor Track Meet comes Wednesday night, and the entries close tonight, Jan. 11. The outcome is in doubt, but the fight will probably be fiercest between the two lower classes, with the odds rather in favor of the freshmen, who have shown up very strong this year and have come out in large numbers, many having chosen track instead of gym work. In fact, 1913 has such a large squad that Coach Kanaly has decided to have a Freshman track team this year, and will arrange meets with several high schools and other freshmen teams. This meet will also help give a line on the make-up of the Relay team, the preliminary trials of which come this Saturday, while the final trials are on Jan. 22.

New men are out for every event and several of these have good prospects of winning places in this meet. This is particularly true of the shot put which will probably be won by a new man. H. S. Gott 1910 and E. Stuart 1910 are the only men entered at this time. The high jump, which was won last year by E. Stuart 1910, with a jump of 5 ft. 6 1-2 inches, lies between him and P. W. Dalrymple 1912, who came second last year. The third place is in some doubt.

W. D. Allen 1911 is epected to raise the Institute record of 11 ft. one inch, for the pole vault which he made at the Fall Handicap Meet in 1908. E. Mangan 1912 is also out and will probably make a good try at second place, as he has shown up especially well of late. Other entries in this event are H. S. Gott 1910, and W. C. Salisbury 1911.

As usual, there is a large entry in the 35-yd. dash. R. B. McEwen, a new man, is picked to win this race by some with A. J. Morcom 1913, J. Becker, Jr. 1912, J. S. Grant 1912, or S. E. Reed 1912, following close. However, this event is always doubtful and a dark horse often breaks the tape. For the first time in years there will be a full entry in the 40-yd. high hurdles, and this should prove an interesting fight between W. J. Pead, Jr. 1910, R. B. McEwen, and C. A. Read, Jr. 1913.

In the mile run, the entries are R. M. Ferry 1912, R. D. Bonney 1913, H. D. Peck 1913.

R. M. Ferry 1912, J. I. Taylor 1912, M. A. Oettinger 1912, R. D. Sampson 1913, R. D. Bonney 1913, and W. S. Davis 1910 are entered for the half, and should give a good exhibition. Some of these men may not run, in view of the fact that the Relay trials come so soon after.

In the B. A. A. meet which comes on the twenty-second of next month, Tech will probably run against Dartmouth according to a report given to the papers. This is not definitely known at this time, but it is certain that the Institute team will race a good team, since its past performances have placed it in a high class.

CALENDAR.

Tuesday, January 11.

1:00 P. M. Junior Class Picture, Rogers Steps.

4:00 P. M. Track Practice, Gym.

Wednesday, January 12.

Printed by Puritan Linotype, Boston

BOSTON, MASS., JANUARY 11, 1910.

On account of the widespread interest taken in the municipal election today, we are printing on the last page a ballot with the names of the candidates for mayor. Indicate your choice on this ballot, tear it out, and leave it in The Tech notice box in the Union; the results will be tabulated and published in tomorrow's Tech. Polls close at 5 P. M. Let us see how we would run the city.

Attention must again be called to the poor condition of the Union living room. It does not seem that there is any attempt to keep the magazines up to date or in order. They are scattered all over the place, and not infrequently are torn all to pieces. A specific example of this is the "Life" of January 6, which is now in a worthless condition. It does seem that the committee appointed to attend to this matter could better attend to it if it kept at it a little harder.

In the columns of The Tech of last Saturday there was announced the result of the first day's campaign of the T. C. A. for funds to build up and carry on their proposed work. This is an important undergraduate activity, carried on by Institute men. It is altruistic work, and takes time and attention. The officers of the Association are giving this time. They want the support of the Institute, and are reasonable in expecting it. We hope that Technology will come up to the record of other New England colleges in giving this support.

THE "DOPESTER"

Good skating!

How about the sleighing parties now?

Indoor meet tomorrow night.

Every fellow in the 'Stute should go up to the Gym tomorrow and "root" for his own class. Let us have some class spirit. Everyone out.

Watch the mile and the quarter mile races. There should be some surprises.

The Lowell Textile game cheered us up a little, but we want to feel still better after the Dartmouth game. Help us out you basketball men. Get into the game good, but "cut the dirty." Any "slugging" will do more to give the school a bad reputation than most anything else.

Looks bad for the hockey team, but still let's hope for bettehr luck. Never say die.

What is the matter 1912? Don't you know how to play basketball. Of course you do, but what you want is practice. Come on now, get out.

BIOLOGICAL NOTES

Professor E. B. Phelps will address the Engineers' Club of Philadelphia on Jan. 15 on "The Disinfection of Water and Sewerage." This is the same topic upon which Professor Phelps recently spoke before the sanitary section of the Boston Society of Civil Engineers, and more recently before the New Jersey Sanitary Association.

Dr. P. G. Stiles, instructor in physiology, addressed the Home Economy Association at their recent meeting on The Relation of Physiology to Courses in Home Economics.

Mr. S. C. Keith, Jr., demonstrated before the Biological Colloquium at its last meeting a novel and ingenious form of sanitary drinking fountain which he has invented. At the same meeting Mr. Selskar Gunn, health officer of Orange, N. J., spoke on Certain Sanitary Problems Dealt With by the Board of Health of a Small City.

ANNOUNCEMENT

The board of directors of the class of 1913 announce the unanimous election of William de Young Katenberger to the position of manager of the Freshman track team and also the unanimous election of Charles Gerard Fallon to the position of manager of next year's 1913 football team. The elections were held at the meeting of the board, at four o'clock Monday, in the Union.

WIRELESS SOCIETY

Secretary Woehling of the Wireless Society is completing the list of charter and regular members of the society, and wishes all men who have not paid their dues to do at once. The list of members is being compiled for use in the 1911 Technique. All names appearing must be full members with dues paid. Those men who have not yet obtained their shingle can get them from the Secretary.

COURSE PICTURES

The course pictures which were to be taken by the Tech will have to be postponed. The date on which they will be taken will be announced later. The Course IV. picture will be taken Friday as scheduled at 1.10 P. M., on Rogers steps.

CURRENT EVENTS

The anti-conservationists will try to have the Forest Service taken from the Department of Agriculture and transferred back to the Department of the Interior.

Tremont Temple was crowded to its limit, and overflow meetings were held in Lorimer Hall and in the Bromfield M. E. Church to demonstrate enthusiasm over the candidacy of James J. Storrow for mayor.

A volume under the title of "Maroon Tales" has recently appeared at the University of Chicago.

STORROW FAVORITE

Straw Ballot Taken In The Union Yesterday Noon

During the noon hour yesterday a straw ballot, concerning the sentiments of the Tech students regarding today's election for mayor, was taken in the living room of the Union. Most of the men admitted that they had no right to vote, but expressed their preference.

Everybody seemed anxious to register their vote and a hundred and fifty straw votes were taken in about ten minutes.

Mr. Storrow was the pronounced favorite and received one hundred and nineteen votes. Fitzgerald was an "also ran," with eighteen votes. Hibbard received nine, while but two had sujcient courage to declare for Taylor. One more claimed to be in favor of woman's suffrage and didn't care who was elected mayor; another favored the election of "James J.," but said that he referred to Jefferies and not Storrow.

One other "voter" said that he lived in Ward 8 and was going to try to register six times for Fitzgerald.

It looks like Storrow, but Fitzgerald should win if the Ward 8 man has anything to do about it.

Taylor, the mayorality candidate, has submitted the following poem to The Tech:

(Tune of "Put on Your Old Gray Bonnet.")

Put on your old gray bonnet,
With the mourning band upon it,
And we'll drive old Storrow
To his funeral tomorrow,
On Fitzie's election day.

GYM TEAM PROGRESS

(Continued from page 1.)

the December meet. The team is handicapped in the tumbling by the loss of R. C. Jacobs, of last year's team, who was unable to return to the Institute this year on account of his health, but R. M. Wilson 1913 has showed up well, as have also H. S. Gott and J. H. White 1912.

"If I had my way I would establish in this city an institution like the Boston School of Technology—a place to which children who show a particular aptitude for drawing or mechanics could receive the higher education they require." The Mayor of Philadelphia is quoted as above by the press of that city.

Columbia University has just established an Athletic Association with the "object of fostering athletic sports at the university." A season ticket scheme has also been established similar to the one now in effect at the Institute. Letters have been mailed to the alumni of Columbia requesting them to send a check for the subscription to the athletic association. Columbia has an estimated expense of $16,000 over the receipts of all games. Of this sum $8,000 has been raised by the undergraduates and it is expected that the rest will be raised by the sale of the season tickets

H. L. WOEHLING, Sec'y.

Will the person who took cap in 55 Eng. A Saturday morning, return to R. Cremer at Cage.

INTERCOLLEGIATE NEWS

Of the six fraternity house fires at Cornell during the last eleven years, one has occurred in each of the past four years. The financial loss aggregates $340,997.33. Two of the fires resulted in the sacrifice of human life, eight men being the victims. Most of the fraternity houses at Ithaca are situated upon a hill which is protected from fire by a single inefficient chemical apparatus. In the case of the recent fire in the Delta Upsilon fraternity house, a period of over an hour elapsed between the discovery of the fire and the time when the first effective stream was turned upon the flames.

PHOENIXVILLE COLLEGIANS' CLUB.

Phoenixville, Pa., Dec. 23.—The college graduates of Phoenixville have organized the University Club, with a membership of about 50 graduates of Yale, Harvard, Pennsylvania, Michigan, Nebraska, Franklin and Marshall, Princeton, Lafayette and Muhlenberg Colleges, and the Massachusetts Institute of Technology.

Clyde W. McCormack 1903, Course I., is President.

The appointment of William Roper, Princeton 1902, as head coach of the Princeton 1910 football team has been ratified by the faculty commitee on outdoor sports.
